

Initiative Petition for a Law Relative to: Preventing the Commonwealth of  
Massachusetts, Counties, Municipal Entities, and Public Institutions from working  
with Holocaust Denial Organizations

Be it enacted by the People, and by their authority: that the Commonwealth of Massachusetts as well as all Counties, Municipalities, Law Enforcement Organizations, and Educational Institutions receiving State funds ["Public Institutions"] within the Commonwealth of Massachusetts shall exclude any "Holocaust Denial Organization" [defined as (1) Organizations which deny the Jewish, Armenian, or Ukrainian Holocausts; (2) Organizations which lobby against the recognition of the Jewish, Armenian, or Ukrainian Holocausts, whether publicly or privately; and (3) Front Organizations for said Holocaust Denial Organizations] from any opportunity to diffuse information or facilitate activities, whether on a voluntary, spontaneous, or contractual basis, on the premises of Public Institutions or to the employees, clients, and students of Public Institutions during their designated times of work or study. This law will be breached whether or not the information being diffused in proscribed areas and at proscribed times by the Holocaust Denial Organization includes Holocaust Denial or arguments against Official Recognition of the Jewish, Armenian, or Ukrainian Holocausts. In case of a breach of this law, injunctive relief and damages may be sought by organizations representing the community being targeted by the Holocaust Denial Organization and, in the case of a Front Organization with overlapping Boards and major donors, the Parent Body of a Front Organization, whether formally or informally linked to the Holocaust Denial Organization.
